outbound and
internal
transactions**

**Picking
Routing and
Storage Plan**

**Label
customization**

**Location
Replenishment**

**KPI's & BI
Reporting
(w/3D)**

**Mobility
solutions**

**3rd party
shipping
software
integration**

KPI's e Reporting

3D STOCK VIEW

Analise big volume of data efficiently and optimized, identifying padrons and trends.

ABC ANALYSIS

Classify merchandise with the sales volume or item turnaround, allowing to make better decisions.

REAL TIME VISIBILITY

With real-time data, take action on-time.
